

What financial support can I expect for my placement abroad?
What grants or scholarships can I apply for?

Information on funding is available on the DAAD website (the German Academic Exchange Service, <http://www.daad.de>) for German and Foreign students.

The BAföG (Federal Ministry of Education and Research) may help finance your period abroad through a grant or loan (see www.das-neue-bafoeg.de, German only).

The Bonn-Rhein-Sieg University of Applied Sciences offers a limited number of Erasmus for approved placements at partner universities in the European Union. When all places have been allocated, the International Office will e-mail the selected students with details of the distributions of places, the requirements of the appropriate funding schemes, and any other relevant information.
